Vehicle in the Street	My next door neighbor leaves his truck parked in front of my property. Initially, I know he did this to stop other people from parking in front of his house, but now it has been over 3 months	12/04/2017	5809 Storm Dr.

and his truck has not moved. It is partially in front of my house. They have another vehicle parked in the street on the other side of their driveway that has also sat in the street for this same amount of time. They only have one vehicle parked in their 2-car driveway at all times. Because of this, we are not able to use any space in front of our own house to park any extra vehicles that might be there temporarily. When we went to speak to them last night, we were initially ignored by the man, and then screamed at by the woman. She repeatedly yelled the n-word at my husband who was simply trying to have a polite conversation with the man. Both were clearly drunk and obviously had no intention of moving their vehicle. We did let them know that we would be reporting them if they did not do anything about their vehicle.##
